

# Lead of Learning (d/f/m)

42 Heilbronn is a coding school, offering project-based, peer-to-peer learning.

Our unique, free learning concept prioritizes collaboration and self-guided education, preparing students for significant career opportunities.

We are a team of motivated, responsible & creative people - who embody the qualities that distinguish our graduates.

## Your Mission

- Lead and innovate our educational efforts to enhance 42 Heilbronn's learning experience for our students.
- Execute a learning model that is closely aligned with the evolving needs of the tech industry.
- Prepare our students for the real-world challenges

## Tasks

- Develop, implement and oversee the curriculum and educational programs, ensuring they are up-to-date, effective and in line with our philosophy of learning.
- Closely work together with other team members to improve the experience of learning at 42 Heilbronn
- Collaborate with local industry partners, the 42 World team and other locations to integrate new projects and technologies into the core curriculum and mastery.
- Analyze and present data about our students which help us identify trends or issues with our different cohorts. Propose and implement improvements based on the data.
- Evolve the 42 system of learning : define and evolve a concept for student progress and goals / / Evolve our cheating algorithms
- Develop programs and workshops that further develop the skills needed to succeed in the real world.
- Speaking in front of a large audience

## Your profile

- You are in the process of finishing 42 curriculum or finished it already - with a great track record in 42, and examples to show
- You have an entrepreneurial mindset and can do attitude, which you exhibited in previous projects or activities
- Experience in project management & as a team player
- Excellent communication skills (fluency in English & willing to learn German) and you live in Germany
- Ideally some previous experience in coding or the field of education & learning

## What we offer you:

- A dynamic environment that has a focus on learning and evolving
- A motivated team with flat hierarchies and a hands-on mentality
- Short decision paths
- An international working environment and access to the 42 worldwide community

## Location

Weipertstr. 8-10, 74076 Heilbronn (Baden-Württemberg)
